

# SPECIALITY DAYS 2019

8-9 NOVEMBER  
MADRID, SPAIN

## WELCOME MESSAGE

---

Dear Colleagues and Friends,

I am delighted to invite you to take part in "ESSKA Speciality Days", a brand-new meeting concept that will take place in the enchanting city of Madrid on 8-9 November 2019.

This exciting new format will bring together the four specialist Sections of ESSKA (AFAS – Ankle and Foot Associates, EKA – European Knee Associates, ESA - European Shoulder Associates and ESMA – European Sports Medicine Associates) and will offer a 'best of both worlds' scenario: There will be a distinct scientific programme for each of the four Sections offering the best quality specialised science that our Society has to offer with the added bonus that all networking areas will be shared and the Industry exhibition will be zoned according to specialist fields yet all in the same hall. We believe that these ingredients will create the perfect recipe for both delegates and Industry to experience a highly specialised and top-class scientific meeting yet with the unique opportunity of having access to and interaction with all delegates and companies across the four Sections of ESSKA.

As this is a new format, we are open to all your suggestions to make this meeting as interactive as possible for all participants and industry and to take ESSKA another step towards excellence.

We hope to see you in Madrid for this exciting new meeting!

Kind regards,

## ABOUT ESSKA

---

ESSKA is the European Society for Sports Traumatology, Knee Surgery and Arthroscopy, a non-profit association based in Luxembourg. We are governed by a Board, which is elected every two years.

ESSKA brings together orthopaedic surgeons, clinicians and scientists throughout Europe, and beyond. We foster their research, and disseminate their practical expertise. And we do this through congresses, courses and fellowship programmes.

The ESSKA Community comprises nearly 9,000 professionals (orthopaedic surgeons, clinicians and scientists), of whom 3,500 are full members.

We support specialists through our Sections: Ankle and Foot (AFAS), Knee (EKA), Shoulder (ESA) and Sports Medicine (ESMA). ESSKA also works closely with affiliated European national societies, and increasingly with international societies.

In all this, ESSKA's task is quite simple. We strive to improve our patient's quality-of-life, by improving their quality of treatment. We pursue our mission in everything we undertake: in our education activities, research and scientific meetings.
